

Northern Suburbs Community Recreation Hub Stage 2 (the Hub)

January 2026

Traffic alert

The coming weeks will see increased truck traffic around our construction site. Please take care when driving through the area.

Excavated soil, currently stockpiled at the rear of the site, is being removed for disposal. This will start on 27 January 2026 and will take up to six weeks, weather permitting, with all trucking to occur between 7:00 am – 6:00 pm Monday to Friday.

The trucks removing the soil will use the access road on the northern side of the Hub to enter and exit the site (see below). Safety measures are in place, including signage on Invermay Road and dust reduction. Some minor delays to traffic are anticipated.

Further details on the project and its completion can be found on the Hub website https://www.infrastructure.tas.gov.au/major_projects/the_hub. If you have any questions, please contact projects@infrastructure.tas.gov.au.

Thank you for your understanding.
